- Government & agriculture related programme linkages for promoting & strengthening the Farmer.

Attraction of MSSRF Stall under Exhibition:

- Dr. PDKV Akola University allotted stall no 13 for our Organization for representing the project information disseminated through the people.
- Almost more than 50,000 visitors/farmers visited the MSSRF Stall under Agro Tech Exhibition.
- Present details information about the LANSa project.
- During that exhibition farmer are interesting in our project work they carefully listening our project review & appreciated to our project work.

Suggestions:

- If we organize such type of programme under working sites as per village level as a kisan Mela it would be more effective.
- Promote to farmers for visit such type of event for improved the Farming.
