

Date: 28 August 2016

Distinguished Guest,

*Subject: Stakeholder seminar on “Nexus between agriculture and nutrition: Bangladesh case”*

It is our pleasure to invite you to the upcoming seminar on Leveraging Agriculture for Nutrition titled **Nexus between agriculture and nutrition: Bangladesh case**, to be held on 6<sup>th</sup> September 2016 from 9 am to 1:30 pm at the BRAC Inn auditorium, Dhaka.

The seminar will be hosted under the “Leveraging Agriculture for Nutrition in South Asia (LANSA)” programme, an international research partnership, funded by DFID. LANSA has been working to study how agriculture and food-related interventions can be better designed to improve nutrition, particularly for children and adolescent girls in South Asia. BRAC as the Bangladesh partner of LANSA, undertakes innovative research in the same alignment to inform agricultural and food value-chain policies, programmes and interventions that can improve nutrition outcomes in Bangladesh.

In this half-day event, some of the research studies conducted in Bangladesh on the above mentioned theme will be presented by BRAC and other LANSA partners. A new research initiative of LANSA will also be presented.

In recognition of your expertise in the field of Agriculture/Nutrition, we are soliciting your participation in this event.

It would be highly appreciated if you kindly send us your confirmation at the earliest via the email address: [zeenatahmed.lansa@gmail.com](mailto:zeenatahmed.lansa@gmail.com) or [barnali.ch@brac.net](mailto:barnali.ch@brac.net).

Looking forward to your kind presence on the occasion.

Sincerely,

A handwritten signature in black ink, appearing to read 'Abdul Bayes', written over a light blue horizontal line.

Prof. Abdul Bayes

Director, Research & Evaluation Division, BRAC and  
Lead, BRAC-LANSA, Bangladesh
